RE: Waste & Recycle Disposal Information

On July 1<sup>st</sup> of each year, Town of Maidstone garbage bags become available at Town Hall. You may pick up your free 52 bags for full time residents and 26 bags for seasonal residents. Additional garbage bags may be purchased for \$3.00 per bag, rolls of 26 will cost \$78.00. See attached Waste Schedule.

A quick overview is as follows:

- Trash and Recycle pick up is scheduled for Mondays except for weeks with holiday. It should be put by the road by 8:00 am and should be visible for Hodgdon Trucking. All routes are one-way, trash will be picked up based on the route, **the truck will not stop on the way back**
- Garbage must be put out in Town of Maidstone, purple bags, the weight should not exceed 30-35 lbs.
- Recycling process: (See attached Recycling and Waste Disposal Guide)
  - Aluminum and tin must be separated
  - Paper must be separated (no paper plates, paper towels, or tissues)
  - Corrugated and boxboard can be put together (no pizza boxes), cardboard must be broken down to smaller than 34 inches.
  - No caps should be left on plastic bottles or containers

The NEKWMD reserves the right to terminate any collection early in the event that we are at storage capacity. Please limit HHW disposal at listed events to 25 gallons. If you have more than 25 gallons, please call our office to schedule an appointment at our Lyndonville facility, May 5 – October 1, 2026.

Not going to be able to make any of these dates? NOT A PROBLEM! The NEKWMD will be accepting these materials by appointment at our Lyndonville facility from May 5, 2026 to October 1, 2026. Due to regulatory handling requirements, hazardous wastes will not be accepted without an appointment. Scheduling ahead ensures that a qualified individual will be on-site ready to accept your hazardous waste.

**\*\*HHW Collections are free and open to residents of all DISTRICT TOWNS\*\***

What are *Household Hazardous Products*? They are consumer products that contain ingredients that may be:

**Toxic**- poisonous if eaten, breathed, or absorbed through the skin

**Corrosive**- can burn or destroy living tissue if spilled on skin

**Reactive**- creates fumes, heat, or explosion hazards if mixed with certain materials such as water

**Explosive**- can explode with exposure to heat or pressure

**Flammable/Ignitable**- can easily be set on fire

To determine if a product in your home is hazardous, check the label for the following words:

Danger indicates that the substance is extremely flammable, corrosive, or toxic.

Poison means that the substance is highly toxic.

Caution/Warning is put on all other hazardous substances that are a somewhat lesser hazard but are still dangerous if the directions are not followed closely.

Conditionally Exempt Generator businesses can also use the Lyndonville collections for the actual cost of the disposal of their materials. Please call ahead for pricing and an appointment.
